

Christ for Children International

Millions of indigent children and youth in Latin America go to bed hungry, neglected, and forgotten. Their faces wear the bleak, fatalistic look produced by unrelenting poverty. Over Christmas 1991 Christ For Children International was incorporated. CFCI is dedicated to providing hope for these children following the holistic example of Jesus who ministered to the body, soul, and mind.

Summer 1992 – Six recent graduates of Wheaton College attended two months training in Mexico City and then began a twelve month commitment four hundred miles north of there in Fresnillo. A dream took on arms and legs, but more importantly – hearts and voices to tell these forgotten little ones that Someone cares for them now and eternally.

Spring 1999 – Each week over 230 kids attend one of our three Bible Clubs, 125+ youth participate in the Jóvenes Groups, 30 adults come together for weekly Bible Studies and 350+ kids are fed each Saturday in the weekly lunch program. Our primary goal remains Evangelism and Discipleship but within the context of holistic care. Our original vision focused on children and youth but God led us to open our hearts and doors to whole families who now gather for worship each Sunday. Our once little church now has 60-70 "neighbors" joining the team in worship each Sunday.

PLEASE PRAY - Jesus commands us to ask His Father, the Lord of the Harvest, for more workers. Our greatest single need is for qualified, dedicated workers who are willing to serve the Lord by helping to raise up mature disciples in Mexico. Pray, too, that a mature body of disciples will be raised up from our Mexican church and that they will model the life-changing love of Jesus to their family and friends.

CFCI NEEDS YOU!

Not everyone can go -- but everyone can pray! Would you be willing to pray for us and the children at least one day a week? This card is designed to serve as your reminder. WE NEED YOUR PRAYERS because the days ahead will be long, hot, tiring, difficult and discouraging. Satan will not easily relinquish the streets or the hearts that he controls. Like soldiers to the war, we storm the front lines of enemy territory and prayer support serves as our life line.

Because we are a young mission we have many advantages...

- Most of our home office workers are volunteers and we have been able to keep our expenses quite low. Consequently our missionaries do not raise administrative expenses. Every dollar you send goes directly to your missionary.
- Donors to the General Fund enable us to cover the cost of supplies, food for the children, vans, mailing expenses, etc.
- Our teams live on a level that is similar to that of the national Christians. This enables them to exist on minimal support that covers the costs for training, major medical insurance, a small salary, monthly support needs & transportation.
- We do not aggressively solicit funds because we believe that God already has more than enough resources at His disposal to meet our needs.

If HE should lead you to contribute, we welcome your financial participation but we plead for your prayer support -- especially for

who is sending this to you. Thank you and may God bless you.
